How to destroy Fingerprints(?)

by Andrej Schoeke

- Why do we need to do that?

How to destroy Fingerprints(?)

by Andrej Schoeke

- Why do we need to do that?
 - In new german biometric E-Pass, also planned in other countries

How to destroy Fingerprints(?)

by Andrej Schoeke

- Why do we need to do that?
 - In new german biometric E-Pass, also planned in other countries
 - Showing a bit civil disobedience

How to destroy Fingerprints(?)

by Andrej Schoeke

- Why do we need to do that?
 - In new german biometric E-Pass, also planned in other countries
 - Showing a bit civil disobedience
 - There is no easy way, which means there is room for creativity!

by Andrej Schoeke

- Why do we need to do that?
 - In new german biometric E-Pass, also planned in other countries
 - Showing a bit civil disobedience
 - There is no easy way, which means there is room for creativity!
- What are the approaches so far?
 - Heat: Literally burning the upper skin away or melting it down.
