

# How to give a lightning talk

by Nick Farr (nick@nickfarr.org)

# Do these things

- Introduce yourself!
  - Hi, I'm Nick Farr
- Get to the point quickly!
- Use background graphics effectively
- Practice your talk beforehand
- Submit your slides in advance
- Put your contact information in your last slide

# Don't do these things

- Talk too quickly
- Use too many slides
- Attempt to give a demo
- Speak longer than four minutes
- Take questions

That's all there is to it!
