

imag

PIM for the commandline

Matthias Beyer

What?

PIM = Personal Information Management

What?

- ▶ Contacts
- ▶ Calendar
- ▶ Todo
- ▶ Diary
- ▶ Notes
- ▶ ...

Existing tools

- ▶ Taskwarrior
- ▶ Timewarrior
- ▶ Khal
- ▶ Khard
- ▶ ...

Problem!

Data cannot be connected (in a semantical way)!

Task → Calendar → Contact

Solution!

imag - CLI PIM suite

- * > 1 year development
- * 0.2.0

Goal

- ▶ Connect existing tools to a “suite” of tools
- ▶ Do not break existing workflows
- ▶ Data mining on PIM data

Where?

- ▶ beyermatthias.de
 - ▶ Blog posts about development
 - ▶ Blog posts about use-cases, etc. etc.
- ▶ imag-pim.org
 - ▶ Mailinglist
 - ▶ IRC
 - ▶ Links to github
 - ▶ cgit! (You don't need github)
 - ▶ Developer docs

Thanks for listening!
